

# Matte White

## Manual Pull-Down Screen with Level Lock

### Easy, and Versital Pull-Down Screen

The Panoview Matte White manual pull-down screen, with level locking system fits a variety of projection formats. The stylish housing allows for wall and ceiling flush mounting in any classroom or meeting room. Quick and smooth operation making it ready to use in a short period of time.

### Features

- Wall or ceiling mountable for quick and easy installations.
- Matte white screens fit easily into any installation. The stylish strong and elegant octagonal steel case housing makes for an elegant appearance when the screen is not in use.
- Level-lock system to fit a variety of projection formats.
- Offers a wide viewing angle (more than 100 degrees) for wider seating configuration.
