

Optoma's Websites

Order Status Site

<http://order.optomausa.com>

This website provides dealers/customers with shipping information about their purchase order(s), which includes the P.O. description, quantity, shipping method, tracking number and serial number(s). Purchase order status information can be accessed by logging in the billing telephone number and purchase order number.

RMA Status Site

http://www.techservicecorp.com/eRMA/tsc/login_end_user.faces?userType=END_USER

This website provides dealers and all end-users with the RMA receiving and shipping dates, problems and tracking numbers. It also links the tracking numbers to either the UPS or FedEx websites to check the shipping status. The customer service contact for status is services@optoma.com or (888) 887-5001.

PartnerVizion Reseller Site

<http://www.partnervizion.com>

A dedicated website that provides all authorized resellers and installers comprehensive and most up-to-date information on promotions, ongoing benefits, partner programs and marketing/sales materials on Optoma's line of products.

Global Landing Page

<http://www.optoma.com>

The global landing page allows visitors to go to all Optoma websites worldwide.

Marketing Site

<http://marketing.optomausa.com>

Dealers/customers can download the most recent versions of all product images and logos (in different resolutions and formats). Also available for downloading includes: datasheets, brochures and support forms.
